1 **Firm and crystal clear ice hats**

icy hats without dirt

– health safety and aesthetic impression

2 **A3S: System with flexible nozzles with minor vibrations**

prevents limescale from settling.

– longer life of the device without the need to remove scale

3 **SFVS front ventilation**

allows the units of the unit to the interior

– variability of the location of the device

4 **Cleaning switch**

disconnects the cooling system when circulating water with a limescale removal product

– saving human work and time

5 **Motor pump “NEVER STOP” (construction without seal)**

prevents depreciation in hard water

– longer life of the device without the need to remove scale = economic and time savings

6 **EASI: Installation and service system - all panels can be removed separately**

easy access for installation and service.

– saving time, human work, costs

7 **Printed circuit board at the bottom**

easy service

– saving time and human work

8 **Tropical version of the machine (class t)**

adaptation to extreme climatic conditions.

– use in extreme climatic conditions
